It is hoped that the COURT CLERK will file this document ( May 28 ) with the DOCKET NO: listed above, and that some action to protect the undersigned, Edwin H. Crosby III will be forthcoming. We pray that the COURT will protect ALL MEMBERS of the CLASS.

The COURT should know that the Department of Veterans Affairs has a HISTORY with retaliation against the undersigned, Edwin H. Crosby III. Previously, Mr. Crosby was before this very same Court in 2003-2004. While in ROSEBURG, Oregon, and living on the V.A. grounds in an apartment complex provided for veterans, a V.A. Doctor destroyed 12-16 pages from the OFFICIAL MEDICAL RECORD of veteran Crosby. Those documents PROVED BEYOND A REASONABLE DOUBT that the veteran was a DIABETIC. They NEVER TOLD Mr. Crosby. 10 weeks later I end up in the INTENSIVE CARE WARD of the ROSEBURG, VAMC with a blood sugar level of 801 !!! THAT'S DEAD OR IN A COMA !! There is that ONE person who will walk into the Emergency Room, and that was the undersigned. THAT IS ATTEMPTED MURDER !! They knew veteran Crosby was a DIABETIC and DID NOT tell him, and they were aware of the litigation before the U.S. 9<sup>th</sup> Circuit.

The CURRENT retaliation and character assassination of a litigant must NOT BE TOLERATED by this Court. Request a Cease and Desist Order be forthcoming.
